Ergonomic Assessment

The Buro Vela chair has been ergonomically assessed by Andrew Wilson, Osteopath & Ergonomist.

"An excellent all-round chair, with no obvious faults that would suit a wide range of users. I particularly like the default posture which encourages a forward thigh tilt posture. The excellent self-weighting tension mechanism encourages the user to use the dynamic features which make a synchro chair so beneficial. The stretch fabric manages to be comfortable and supportive."

Andrew Wilson, Osteopath & Ergonomist - 27 May 2018

Buro Product Stewardship Programme

We encourage repurposing and recycling of pre-loved office furniture to reduce our impact on the environment. When a customer has Buro furniture* that they wish to dispose of, we apply the following steps to determine the most appropriate method.

To mitigate our CO2 footprint over the next 50 years, we're working with **Trees That Count**, a conservation charity dedicated to planting native trees.

By funding the planting of native trees, we're supporting efforts to increase biodiversity across New Zealand.

Buro proudly support **Greening Australia**.

Greening Australia has been restoring Australia's unique landscapes and protecting biodiversity at scale through collaborative, science-based programs for over 40 years.

As a **Sedex member** we are committed to being a responsible business, sourcing responsibly, and improving ethical standards and working conditions within the supply chain.

*Qualifying furniture must be Buro branded product (Buro Seating, Konfurb, Mondo), or a partner exclusive brand. ^Many of our products are GREENGUARD certified for safe emission levels. This reduces the environmental impact when sending any components to landfill.
